Framing a delightful view of the exquisite expanses of Surrey Gardens - which is directly across the road - this attractive, bright and north-east facing two bedroom villa is a single level haven of low maintenance tranquility. Well elevated and peacefully situated at the front of this block of only four, the home also features its own independently accessed carport. As it fills with natural light, a spacious living room with hardwood flooring sits adjacent to a well-designed kitchen / meals that presents scope for renewal at your leisure, whilst at the rear of the home, the carport can also serve as an undercover alfresco area. Meanwhile, each of the bedrooms has been carpeted and finished with built-in robes, plus there is a large, renovated bathroom, a laundry and a paved courtyard with a clothesline as well as split system heating and air conditioning. From this exclusive, parkside position, you can walk easily to all the cafes, fine dining, shops and village-like charm of Union Road, as well as city-bound trains from Union Station, while Maling Road is also just around the corner.
