Enjoying an elevated setting high in a boutique block of just six and filled with natural light, this invitingly well presented apartment offers low maintenance beachside living without compromise. With essentially no common walls and interiors that are cooled by sea breezes, the home opens to embrace spectacular views that stretch across the bay to the distant Malabar Headland. Stylishly finished with little to add, both bedrooms are doubles with district views and a balcony. The main bedroom has a mirrored built-in, while the open plan living area has distinct lounge and dining spaces and sliding glass doors that open to a generous entertaining terrace and the view beyond. The deluxe open galley kitchen has Caesarstone benches and Bosch appliances, while additional features include three balconies, an internal laundry, plantation shutters, polished floors, single lock-up garage, security intercom, LED lighting and two visitor parking spaces. Freshly painted, it is little more than 100m to village cafes, regular transport and shopping, and under 300m to the golden sands of iconic Bondi beach. - Spectacular views of the ocean and coast- Bright interiors soothed by sea breezes- Well presented, low maintenance living- Quietly set in a boutique block of just 6- Double bedrooms, main has built-in robes- Blessed with essentially no common walls- Welcoming open plan living and dining- Balconies, expansive outdoor entertaining- Chic Bosch kitchen, Caesarstone benches- Polished floors, internal laundry, intercom- Single lock-up garage, dual visitor parking spaces- Timber plantation shutters, freshly painted- 100m to village cafes, shops, transport- Under 300m to the sands of Bondi beach- A premier coastal investment opportunity
