Discover a prestige freestanding townhouse with outstanding credentials, hidden away at the rear of a boutique development of just four Gunther Constructions quality residences. It's set well back from the street for ultra-private secure living, the three-bedroom spaciousness is enhanced with a Merrylees Architecture & Interiors-designed renovation, and outstanding design elements include easy car access from Asling Street. What makes this even more exceptional is the convenient address, a short stroll to Martin Street and Bay Street's shops, cafes, bars and train stations. Families will appreciate the central location, with St James Primary School and Star of the Sea College close by, and Kamesburgh Gardens 350 metres from your front gate. Inspection is essential to appreciate the whisper-quiet interior of this low-maintenance retreat, featuring luxury finishes and features, generous bedrooms, a north-facing courtyard garden, and upstairs terraces. A series of living and dining spaces are streamlined and sophisticated with bespoke joinery, a stone-surround gas fireplace, wide-board oak floors, and space to set up a home office, wine room or library. Open the bifold doors for indoor-outdoor spaciousness, perfect for parties, family celebrations or sunset drinks. The light-filled marble Miele kitchen is brilliant for entertaining, the craftsmanship is first-class, and the interior simply immaculate. Outstanding design includes skylit ensembles and a wall of wardrobes in the large main bedroom, a two-way main bathroom, and large double garage with storage and direct house access. A standout home and address for low-maintenance indulgence, and it's move-in ready with video intercom entry, zoned ducted heating and air conditioning, ceiling fans in bedrooms, plantation shutters, ducted vacuum system, mains gas barbecue point, and front and rear security gates.
