Boutique Living Close to Everything

This luxurious single storey townhouse sets the scene for a new wave of boutique living combining cosmopolitan inner-city styling with a sublime coastal setting. Located moments from McCrae shops, the beach and freeway access.

The kitchen features a suite of stainless-steel appliances, stone bench tops and soft closing drawers. The main bedroom is flawlessly appointed with a fitted walk-in robe and ensuite with stone finishes. While the open-plan living and dining areas are light-filled and generously scaled, offering access to the rear yard and concreted alfresco area with an electric awning for cover.

Two further generous carpeted bedrooms with robes share a modern stylish main bathroom. A well planned out laundry giving access to the rear yard. Throughout the home there is ducted heating for those cooler days and nights, also split systems to the master bedroom and lounge and tinted windows.

With a remote double lock-up garage that gives internal access, timber floors and natural tones - you really can't go wrong! With only four on the block and a boutique feel, be sure to get along to see this gem, we are sure it won't last.
