Ticking the boxes for generous proportions and good old solid brick bones, this pristine 2 bedroom 1st floor secure apartment becomes a space for immediate enjoyment while immersing yourself in the fabulous lifestyle this location has to offer. Fresh with new carpets and a lick of paint, this immaculate abode reveals a classic entry hall with storage, a lovely living room with east facing café balcony, an updated timber look kitchen/meals area with hybrid floors, 2 inviting bedrooms each with fantastic built in robes, a smart fully appointed bathroom with laundry facilities and a separate toilet. Love it for now knowing that you can add more value down the track, enjoying the comforts and security of gas heating, an intercom and parking accessed via Stewart Street. In this quiet yet happening location, excitingly close to all Camberwell Junction's impressive selection of transport options (trams and train), dining options (cafes, the market, restaurants and wine rooms), boutiques and shops, minutes to a choice of fantastic parks, Swinburne University of Technology and the Auburn Hotel redevelopment.
