This very neat two bedroom brick veneer unit is in a great location with only four units on the block. It offers two bedrooms with built-in robes, and the good sized lounge area has a split system. Kitchen with gas cooking facilities and ample cupboard space, plus a little breakfast bench. The combined bathroom/laundry has a shower, basin, and separate toilet. Externally, you'll find a single carport and small courtyard, with all of this situated within walking distance to Eaglehawk CBD and public transport.
