\$220 per week

Located in an established area, a short walk to the botanic gardens, train station and shopping, this lovely 1 bedroom unit has been recently updated. A light filled living area provides space for a lounge and small dining space and has gas heating. The separate bedroom has lovely high ceilings and built-in robe. A modern kitchen has recently been installed, and provides a good amount of storage space, gas stove and oven and access to the rear laneway. The bathroom has a stand-alone shower, toilet and combines with space for a washing machine as well. Outside, a private front courtyard is fenced, and has a small garden bed and gravel area. Off-street parking is provided for one vehicle in a carport space.
