An opportunity to buy into the tightly held blue ribbon enclave on York Road opposite Centennial Park with this large, renovated 2-bedroom apartment. Just footsteps from an early morning jog, walk or ride around the Park before an easy stroll to the bus/rail interchange, Westfield Shopping Centre or nearby Bronte, Tamarama and Bondi beaches. This light-filled apartment has an extremely good floorplan comprising two large bedrooms with built-ins and a new kitchen, bathroom and separate laundry. The ensuite has been converted to a handy home office but can be easily restored to second bathroom or additional walk-in robe if desired. The sun-soaked kitchen/dining/living space is embraced by an extra wide wrap around balcony with district and park views. To complete this perfect package is an oversize lock up garage with additional storage. Located at the quiet rear of a security building of six, this apartment presents a wonderful entry into the coveted Queens Park market.
