This fully renovated two-bedroom townhouse sits right across the road from the beach at Coconuts and has lovely ocean views. The two-storey townhouse has been renovated from top to bottom including fresh paint and floor coverings, a brand new kitchen, and all the doors have been replaced. It presents pretty much like new. Upstairs there are two very large bedrooms with air conditioning and built-ins and the master bathroom sits between them. The master bedroom has floor-to-ceiling glass doors that open onto a full-length balcony. From here you have excellent views over the ocean and the cool sea breeze is brilliant. This is also the best place to watch the sunrise over the Coral Sea. All of the living is on the ground floor with internal access from the garage and a second toilet down here. The living is open plan and flows out to the front patio and fenced garden. This is the perfect place for family gatherings, an outdoor setting, and an umbrella with the BBQ sizzling away. The kitchen is compact but perfect, with new appliances, cupboards, benchtops, and splashback. The colour palette is neutral throughout so you can add your flair. If morning walks with your dog on the beach appeal to you then this is the perfect place. Easy care and low body corps.
