Expression of Interest

Buyers must pre-register prior by ringing the agent. Welcomed to the market is the breathtaking and brand-new boutique development "White Rose" on Rose Street, of only 7 architecturally designed townhouses. This arguably represents a highly sought-after and unique offering as brand-new townhouses in the centre of Murrumbateman are rare. This location is truly desirable being positioned directly across the road from newly built Fairley Square in Murrumbateman Village, Medical Centre and School. Available for sale are two brand-new, north facing single level, three-bedroom townhouses offering two designer bathrooms finished with floor to ceiling tiles and an oversized double garage with internal access and automatic doors. Finished to the very highest level of quality these townhouses include high 2700mm ceilings, double glazed windows and doors, hybrid timber flooring and quality R5 and R2 insulation in the ceilings and walls. They have been finished with a premium level of inclusions. These stunning townhouses would ideally suit a number of potential buyers, from downsizers who are currently living on larger acreage in the area and looking to remain in Murrumbateman with the convenience of living directly across the road from the local shops and medical centre. Perhaps younger families who have always wanted to venture from the big city and into the quiet and growing township of Murrumbateman with local schools directly across the road. Perhaps investors who are after a sound purchase with strong rental returns and strong future growth. Nestled amongst the popular Murrumbateman township, home to almost 20 world class boutique wineries, local shops, village markets and soon to be open shops and amenities coming to Fairley Square this March, your new lifestyle awaits! Features Include:-
• Brand New Construction
• Boutique Townhouse Development
• North Facing Aspect
• Only 7 townhouses in the Complex
• Double glazed windows and doors throughout
• Stunning single level townhouse
• High 2700mm high ceilings (ground floor)
