**\$752,500**

Stylish, spacious and set to the rear of its desirably situated development, this impressive townhouse delivers inviting dimensions over two dynamic levels. Separately zoned living and dining areas define a downstairs format that features polished hardwood floorboards and a central kitchen where stone benches, stainless steel appliances and ample cabinetry combine elegance with efficiency. The appeal of the indoor spaces is matched by the size and the low-maintenance ease of the outdoor backdrop while above, three bedrooms and two bathrooms including a main bedroom with a generous ensuite contribute highly attractive accommodation. Two split system cooling units, a central laundry, separate powder room and secure garage further enhance a modern Maidstone address walking distance from Rogers Reserve, Dobson Kindergarten and renowned café One For The Crow.
