Nestled at the rear of a small, select complex, this truly stunning villa has to be seen to be appreciated. Step inside and immerse yourself in the spacious lounge area and separate dining area which is positioned conveniently to the Chef's kitchen with quality appliances and abundant cupboards and bench space. There is timber flooring, air-conditioning and more. The bedrooms are generous and feature built-ins and the family bathroom could easily feature in "Home Beautiful" magazine and there is an additional WC and well-appointed laundry facilities. At the rear, is a delightful covered entertaining deck overlooking the oversized grassed and garden courtyard, truly, your own oasis! Leave the cars at home as you are so convenient to buses to major shopping hubs, stations and a short walk to school, pre-school, parks and soon to be completed Sporting Centre. Inspect, appreciate, make an offer and make this great home yours.
