\$800,000 - \$880,000

Premium lifestyle living culminates in this exquisite 1-bedroom apartment, offering the perfect option for lifestyle lovers, holidaymakers and downsizers within the historic Sisters of Mercy Convent community a short stroll to stunning beaches, Mornington Pier, Yacht club and Main Street boutiques and restaurants. A materialised essence of luxe and exclusivity is evident from the moment you step up from the street and into the building's secure entry foyer, where this ground-floor apartment's position underscores its appealing convenience. An open-plan living and kitchen design enjoys 12-foot ceilings over sophisticated black cabinetry, allowing its rich Blackbutt features and flooring to take centre stage. Grab a drink from the cellaret or prep an easy meal in the porcelain-topped kitchen and sweep life out to the north-facing deck raised above the complex, sporting a built-in BeefEater BBQ and a lovely view through the trees and over the bay. Understanding the importance of storage, the design lends itself perfectly to permanent living, with the bedroom and ensuite/laundry maximising practicality and storage options, while retaining a sophisticated style reflective of its privileged setting. A quiet and majestic building, the Sisters of Mercy Convent retains the reflective character of its original use while offering a premier lifestyle with unmatched walking convenience to Main Street's endless variety of shopping boutiques, epicurean experiences, Mills and Mothers Beaches.
