\$1,250,000

3 SOLD - ONLY 3 LEFT! Defined by modern simplicity, sleek luxury, and its coastal environment's raw natural elements, 'Sea Haze' is a creative result of an established collaboration between Baywater Homes and Little Brick Studios, due for completion mid 2024. A boutique collection of six residences, all with 3-bedroom, 2-bathroom layouts, offering ease for every lifestyle, with ground-floor master bedrooms and open-plan living/dining designed to connect with landscaped alfresco spaces, where rich textures catch and filter natural light, creating a beautiful flow throughout. The bedrooms are sanctuaries where a sense of calmness has been coaxed through soft, coastal tones and a preference for tactile materials. The kitchens are large open-plan spaces with integrated joinery, stone benches and quality Asko appliances, whilst two living areas in each home provide the space for families to spread out or work undisturbed. From Mornington Main Street to Bentons Square and the allure of the bay, Sea Haze is perfectly situated at the apex of an exclusive location, perfect for families with the addition of engineered timber floors, Ambassador stone benchtops, ducted gas heating, split system AC and a double remote garage.
