Sure to capture the imagination of young buyers or investors, this immaculate parkside townhouse offers up a hard-to-miss opportunity merely 15km out of Melbourne's CBD. Nestled within a contemporary group of just five homes on the block, the home is as rent-ready or ready-to-love as you can hope to find, featuring a light-filled and very functional layout centred around a spacious living and dining zone. With glossy floors enhancing the sense of light & space, this attractive area connects with the sleek kitchen offering stainless steel appliances (including a dishwasher) then extends out further to a secure low maintenance courtyard ideal for drinks in the fresh air with friends. The tranquil bedrooms are made all the more inviting with plush carpet - both benefit from mirrored wardrobes and share the sparkling central bathroom, while the inclusion of a split system in each primary room ensures bespoke comfort throughout the seasons. Wrapping up a smart and very stress-free setting are a practical Euro laundry and lock-up garage. With green expanses opposite and buses running right outside, there are eateries just doors away and the station is also within a walk. Schooling is also nearby, while recreation is taken care of with the Northern Golf Club, playgrounds and Oak Park Aquatic Centre all within easy reach.
