\$619,000

An astounding renovation has launched this apartment into luxurious modernity with incredible attention to detail. The exceptionally thought-out aesthetics and the extreme functionality combine for a classy coastal chic vibe that's just perfect for Forster. You're going to love this one! The coveted three level complex rises proudly out of lush, well-kept gardens, as if enjoying its status so close to the waters of the Lake. If you came here with expectations, number 4 will knock them out of the park as you enter it. An expansive and open-plan space unfolds before you, with the living room, dining room, and kitchen effortlessly filling it. They're united by a spellbinding aesthetic, tiled floors, and the abundance of natural light dancing through the room. The kitchen is a gourmet delight, complete with stone benchtops, ample cabinetry, and a range of stainless-steel appliances. Split system air-conditioning keeps the living space comfortable while sliding glass doors lead to the full-length balcony with its verdant, peaceful outlook. The two generous bedrooms both have built-in robes, carpets, and ceiling fans. One has access to the balcony, and both are ably serviced by the contemporary bathroom with its separate shower and bath. An internal laundry is a handy touch so often overlooked in beachside apartments, as is the dedicated lockup garage. In seconds you can be enjoying the serene waters of the lake, while a three-minute drive will have you in the centre of Forster. Shops, restaurants, and amenities are all on your doorstep! Sound enticing? Get in touch and we'll answer all your questions.
