\$825,000

Magically reimagined with a designer's eye, this irresistibly eclectic two bedroom brick villa is something out of the box. Designed to capture leafy outlooks of the flourishing gardens from every room, this quaint abode catches the eye internally with its Warm Spice colour palette, Bamboo flooring and striking highlights. Particularly private, it reveals a feature timber entry door to the wide foyer, an evocative living and dining area, a tastefully restored timber kitchen with stainless steel appliances and European laundry; two sizeable bedrooms with built in robes and a spotless bathroom with separate toilet. Shaded through the ornamental pear trees, the elevated alfresco deck forms around a Silver Birch tree, with a pathway of thriving garden colour down to the drying line. Smart with keyless entry, there's also gas ducted heating, Daikin reverse cycle air conditioning, quality window furnishings and a wide auto garage. Close to the wonderful open spaces of Packer Park, Koornang Park and Murrumbeena Park, a light stroll to the Citizen Café and IGA Local, while just footsteps to the bus up to Murrumbeena Village and across to Chadstone – The Fashion Capital.
