Offers in the mid \$500,000's

Worried about coming home late at night? Worry no more! Internal access from your garage to the stairwell is just the start of the many features on offer here! Situated on the top floor and on the north-east corner - it really doesn't get much better. Gorgeous morning light streaming in through the large windows to start your day off on the right foot. Buy now and settle for July, just in time to take part in the winter racing carnival within walking distance of your new home! Or if you're more a stay at home body - close the doors and turn down the ac and enjoy the peace and privacy! Privacy? Yes, with only two units accessing via this secure staircase - you're the sole occupant on this level. Woohoo! Wide, tree-lined streets make wandering the neighbourhood an easy and enjoyable past time or you could jump on the train at the Doomben station just down the road and head off to busier spots! Hope in the car and in minutes you can be shopping at the local Woolies, having coffee on Racecourse Road or sampling all the delights at Portside - choices, choices, choices. Head on home and just try to keep that smile off your face - you've found that fabulous, solidly built unit - and if you're quick it can be all yours!
