Providing a classic example of a family retreat, this quaint 3-bedroom home creates the perfect opportunity for the shrewd investor, family, or first home buyer. Whether you seek proximity to schools, transport, shopping or parkland; this home, and its quiet location, has it all. Past the low-maintenance front yard and double carport, the brick veneer home contains copious living areas under raked ceilings. A large carpeted lounge interconnects via a casual sitting area, to a retro-style kitchen sitting in the heart of the home. All bedrooms contain BIRs with the Master Suite enjoying a private ensuite with a central bathroom to service the remainder of the home. Outside, you will find a covered alfresco overlooking the green and established gardens surrounded by secure fencing with plenty of room for play including a 4mx9m in-ground pool to enjoy the warmer weather. Adjacent to this is a 4mx7m shed for added storage.
