Not often does a bargain like this one come on to the market. This solid three-bedroom brick home is being offered at a bargain basement price of just \$410,000. Situated in a quiet cul-de-sac in North Casino the home is close to schools, including the Public High school. The home has plenty of outside advantages including a single lock up garage with storage areas, an undercover court yard for the BBQ, a standalone workshop and storage shed, a greenhouse/fernyery for the buyer with a green thumb. It also has access to the side yard for storage of the van or trailer, all this contained within a fully fenced neat and tidy garden. Inside the home you won't be disappointed with three good sized bedrooms, with the main and second bedroom having built in robes. The kitchen is original, but it looks like it was installed yesterday. It has gas appliances and plenty of cupboard space. The lounge room and dining room are open planned whilst the bathroom has a separate shower and bathtub and there is a separate toilet. The laundry is located at the rear of the garage. This home is ready to move into for an owner occupier or a tenant could move straight in and start paying an estimated rental return of \$450 per week. This is truly a bargain for the astute purchaser. The property is available for immediate inspection and occupancy.
