This gorgeous Queenslander features 13-foot-high ceilings, timber floors, open plan, kitchen, dining and living area opening onto a lovely entertaining deck with Bay views. Two good sized bedrooms + light filled office, two bathrooms and a generous laundry. There is a lovely landscaped courtyard separating the main house from the fully self-contained granny flat that your guests would be delighted to stay in. One large bedroom/living, separate kitchen adjoining a private courtyard and separate bathroom/laundry facilities. The Fully operational Blacksmith's workshop has been a recent addition and was lovingly created using recycled hardwood timber from original Queenslanders and marine piers, casement windows and original timber doors. This workshop is council approved and if you don't have blacksmith skills it can serve many purposes. Properties with this Local Centre Commercial Zoning are highly sought after and are tightly held onto. This property has the added advantage of two street frontage located in the middle of Dunwich within a short walk to both water taxis, cafes, brewery, and shops.
