With a modern refresh throughout, the hard work is done to make way for a family to enjoy this gateway position across from the bus stop, which is only 2 doors away. Fresh finishes across the kitchen, bathroom and floors make this 4-bedroom home shine, with 2 spacious living areas and a magnificent covered outdoor living zone adding to the appeal. Zoned for popular Rangeview Primary and Vermont Secondary College (STSA), with Eastmont Pre-school in the next street and nearby Eastlink connection to the city, it's the perfect base for young families. A choice of elegant porcelain tiles, and engineered timber floors, create a perfectly neutral canvas which you can style to your own taste, adding the comfort of ceiling fans, evap cooling and an open fireplace in the front living room. The addition of a second toilet also gives young families extra convenience, with a hideaway 4th bedroom behind the pantry wall suited for guests or as a quiet study corner. The rear rumpus offers an impressive amount of space - ideal for relaxing, or entertaining alongside the huge, paved pergola. Minimal lawn with a veggie garden and securely gated carport complete the outdoor attributes from this newly renovated haven close to Eastland, Westfield Knox, Brentford Square and Vermont South Shopping Centre, and the beautiful parkland fringe along Abbey Walk, Campbells Croft and the Dandenong Creek Trail.
