Nestled in the quiet street of Bradbury is this very lovely freshly renovated home. A 3x1 spacious home with an open plan living space, a large kitchen with breakfast bar that overlooks the spacious living/dining area with a sliding door opening out to a protected neat and tidy paved alfresco area. The kitchen is a perfect size & brand NEW, double fridge space, modern stainless steel oven and cook top. Complete with a large breakfast bar or preparation space for the family chef. The main bedroom is very roomy with a built-in robe. The remaining two bedrooms have ample storage and space, plenty of room for double beds and bedside tables. The bathroom is definitely family friendly, with plenty of space, a bath and a shower. For climate control and convenience, a reverse cycle air conditioner that can easily cool the home on those dreaded hot summer days or warm you up on those freezing winter evenings. All decor is modern and neutral color - this property is a blank canvas ready to create your home. There is only a small low maintenance front garden & a small grassed area in the rear which makes life so much easier. There is also a large shed at rear of property.
