Stylish, young and on the market, this three bedroom, two living area freestanding beauty within easy walk of Mooroolbark town centre, is looking for love! Privately situated at the rear of the block, the neatly landscaped garden and modern brick façade with flush mortar finish gives an elegant first impression. Benefitting from its northerly orientation and expansive dimensions, the open living, dining and kitchen is spacious and filled with light. Open the sliding doors from both the living and dining areas to the leafy low maintenance outdoor space, letting in fresh air and leading out to a paved alfresco area. Supported by neutral modern decor comprising sleek glossy white cabinetry, stone benchtops and stainless steel Westinghouse appliances including dishwasher with large floor tiles flowing throughout the kitchen, living area, laundry and downstairs toilet and charcoal carpeting throughout the rest of the home. With three sizable and light filled bedrooms, the luxurious master is located on the lower floor and is served by modern ensuite bathroom and mirrored robe. Two further upstairs bedrooms, bathroom and separate toilet open to a second living area with sliding door access to a large balcony with outlook over the lush reserve at the rear. Four split system heater/air conditioners, great storage upstairs and down and internal access single lock up garage provide comfort and convenience year round. Teamed with its ideal location within short stroll of all Mooroolbark has to offer, abutting a leafy green reserve and Warburton-Carrum and Brushy Creek Trails, this young townhouse is looking for love and love it you will!
