Radiating a sense of fresh airy appeal, this impeccably presented family home has been blessed with an array of updates and refreshments to now offer a sparkling family setting in the sought-after Health estate. Flushed with natural light throughout the spacious interiors, it showcases new flooring throughout - including beautiful loop pile carpets - along with fresh paint and new lighting. Dishing up the space people crave, the floorplan features a formal lounge and dining room to the front warmed by an inviting gas fireplace, while peacefully set to the rear is a generous entertaining zone alongside the large kitchen where a stone island bench and quality appliances are the highlights. With plenty of space to welcome guests inside, you can then head outside to the alfresco patio for summer get-togethers as the kids play on the lawn. The great proportions keep coming with four double-sized bedrooms all with mirrored robes - the master boasting triple wardrobes along with a renovated fully-tiled ensuite. A family bathroom on the upper level along with a downstairs powder room are added highlights, as are the laundry with secure entry to the double garage plus ducted heating/cooling and ample storage throughout. Close to neighborhood parks and a walk to bus stops & shops on Kingston and Warrigal roads - zoning for CSC seals a fabulous deal.
