This lovely home is situated on a multilevel and semi cleared block with views of the National Park and bushland. The house itself is ready to move into as it is immaculate and features an open plan layout, great kitchen, stunning main bathroom, a Scandanavian slow combustion fireplace and there is also a huge double shed, three water tanks, a firepit and BBQ area, a vegetable garden and there is plenty of decking. This is E4 zoning for environmental living and there are multiple gates allowing for direct access to the national park so you can enjoy leisurely bushwalks or horseback treks. If you wanted to there is room to place a tiny home on wheels for guest accommodation which does not require council approval (provided it is not plumbed in). As you can see from the photographs this is not an opportunity to be missed.
