This 3.5 acre property is situated almost perfectly between Latrobe and Devonport - (5 min drive approx. either way.). The stunning main residence was constructed in 2004, but in 2013 the main home had a large extension carefully designed to maximise the amazing water views which now afford Double glazed windows throughout. At this time, the addition of another small home was constructed, that features a large single garage, bathroom, bedroom, living/dining space, kitchen, and a serene undercover space that also enjoys striking sea and river views. Sunset is simply a must see from the property. In 2018 the main residence received a facelift including a new bathroom and full wheelchair accessibility throughout the home. If your wish list includes a multigenerational home with a separate second dwelling, this could be perfect for you and your family. The main home comprises 4 large bedrooms with the master bedroom featuring a walk-in robe and modern ensuite. The 3 remaining bedrooms come with spacious built-in robes. The views from every window must be experienced to understand the tranquility and style of this home. With two living areas flowing through to the open plan kitchen/dining room living space is in abundance. The deck is accessible from any of the five entrances/exits and a space like this is hard to beat! Spanning approximately 145 sqm with panoramic views and an undercover area that is perfect for summer BBQ's.
