Full of rustic charm, unique character and natural light, this 4 bedroom, 2 bathroom mid-century classic blends timeless appeal with today's modern requirements, immersed in a beautiful garden backdrop. Meticulously maintained for immediate enjoyment, timber lined ceilings and exposed beams add charisma to dual-zoned spaces, with a formal lounge/dining domain preceding an immaculate kitchen and skylit meals area. A privately zoned main bedroom with ensuite/BIR provides direct access to a fully-glazed retreat perfect to relax, accompanied by 3 further robed bedrooms and updated bathroom. While perfectly comfortable with study, ducted heating, separate studio & large fitted out workshop, outdoor entertaining area and carport, this inviting home also provides scope to embark on a stylish renovation to pay homage to its allure, or take this 836sqm (approx) allotment to build either a luxurious family residence or stunning townhouses (STCA). Tucked away in a bowl-of-court position within the Glendal Primary and Highvale Secondary catchments, moments to Wesley College, The Glen, Kingsway, parklands and train station.
