\$1,085,000

With a sun-trap atrium-style courtyard at its heart, a sparkling solar heated pool to the rear and a flexible alfresco-focused floorplan that can be easily adapted to suit individual needs, this 3+bedroom home is an offering that is bound to be in hot-demand - while a peaceful cul-de-sac position and brilliant proximity to shops, transport and schools, will definitely make it hard to beat! Immediately appealing thanks to its distinct tropical vibe, the home opens to warm and welcoming accommodation where rich dark-toned flooring flows seamlessly throughout. An expansive lounge with gas log fireplace is the perfect spot to relax or entertain, while an additional living area/sitting room, dining area and chic gourmet kitchen with quality appliances all look out to the fabulous pool and sundeck. The master with walk-in robe, ensuite and sauna enjoys direct access to the private front yard with decking. There are two additional bedrooms with built-in robes while a home office (currently set up as a salon) gives options as a fourth bedroom if needed. Each of the principal rooms has the luxury of individual split system heating/cooling units and all bedrooms also have ceiling fans, while a large European-style laundry completes the accommodation. Both Kingswood, St Mark's and Dingley primary schools are within easy reach - this prized low-traffic address is also close to the suburb's shopping centre, parks and cafes.
