A TOUCH OF CLASS

A superb blend of yesteryear and today's modern creature comforts delivering this gorgeous, country retreat. A golden oldie of circa 1930's, this three bedroom Californian bungalow has been tastefully provided a fresh, new lease on life. All the classic charm of high ceilings, fancy cornice and ceilings roses, gorgeous hardwood timber doors and architraves combine with a modern twist. Incorporating a stylish, modern family bathroom, updated kitchen designed around some of that old world charm. Set on top of stunning timber floors boards, you'll also enjoy formal lounge with centre piece feature heater, second sitting room, plus combined laundry and refurbished second bathroom. Each of the spacious three bedrooms offer ample room to move, all superbly presented so all you'll need to do here is simply move right on in and enjoy. All the benefits of a very generous 1032m2 lot to deliver immense space to store, garden or build that shed you've always longed for. Situated in a quiet leafy street well away from the hustle and bustle of the picturesque county town, you feel right at home the moment you step foot into this classy Victorian coastal classic.
