Spacious family friendly home in quiet cul-de-sac. The entrance leads into a huge open plan living area that in turn opens onto a protected patio. The kitchen is light and bright and has a gas cook top and electric oven. Opening off the living area is a large games room that could double as a fourth bedroom or home studio as it enjoys its own access from outdoors. There is plenty of storage and the home is airconditioned. The main bathroom adjoins the master bedroom and is spacious and light. The second shower and toilet are located to the laundry that has direct access to the rear patio. There is a carport to the North side with drive through access to the rear yard. The property is currently returning \$430 per week. This would make an ideal first home or for someone looking for a smaller home in a quiet location. Call Marlene Chaushs 0418471139 to view.
