Dating back to 1865 and steeped in the rich tapestry of Australian history, this extraordinary home embodies an exquisite blend of sophistication and modern luxury. As you approach, a sweeping front veranda with bay windows and French doors with elegant granite accents welcome you, setting the tone for what lies within. The entrance unfolds into a spacious hallway with soaring ceilings, ornate archway, and timeless charm. To the left, the front bedroom exudes a sense of indulgence, graced by magnificent bay windows, that infuse the space with natural light and character. Each of the three bedrooms is generously proportioned and boasts ample built-in robe storage and ornate fireplaces. Individual colour schemes pay homage to the Victorian era. A central bathroom, complete with a stepless shower, vanity, toilet, and European laundry facilities, serves the bedrooms with convenience. An additional second toilet with vanity is thoughtfully situated nearby. The formal lounge, a magnificent space with an awe-inspiring decorative ceiling, and a focal fireplace, is a testament to the home's original grandeur. It offers a perfect balance between quiet contemplation and grand entertaining. Your journey through this residence leads to the inspired and light-filled open-plan rear. Here a remarkable kitchen featuring stone surfaces and sleek cabinetry is a haven for gourmet preparation, equipped with convection and electric cooking appliances, as well as a dishwasher. The adjacent meals area overlooks a picturesque inground pool and beautifully landscaped gardens. An inviting covered gazebo by the pool adds to the allure of outdoor living. A cosy living room is the perfect place to curl up and read your favourite book. With both a wood fire and split-system heating and cooling, you can easily adjust the climate to your liking. Tucked away are the original maids' quarters with a shingle roof that harkens back to a bygone era. Additionally, a studio at the rear provides an ideal space for a home office or a creative workspace. A carport stands in front of a roomy shed, offering an ideal space for tinkering and safeguarding your equipment and recreational items. Established gardens have been carefully planted, including an array of fruit trees, a stunning Magnolia and a monumental Date Palm. This exceptional residence is located in one of Beechworth's most sought after and well-positioned streets, only minutes to the town centre.
