Remember when homes had character, remember high ceilings, remember when photo rails displayed a homes precious treasures, a home is defined by character. Welcome to 4 Glasson Street. This 3 bedroom character filled home has been tastefully brought back to current day whilst still honouring its humble original character. The kitchen is gracefully lit by the warm sun through a northwest facing window, which also provides lovely sunset views. The French doors that lead into the rooms add a sense of elegance not often seen anymore. The rear deck is an amazing place to entertain guests, have lunch alfresco or simply relax with a good book in the sun. For heating in the lounge room area a gas port is present. The 3rd bedroom has a wood fire heater and decorative picture rails to decorate at your leisure with your own items. All the bedrooms are of a generous size. The bathroom has been tastefully renovated whilst still paying homage to original themes of the house, featuring a standalone shower and toilet. For added convenience there is also a second toilet in the laundry. For added storage there is a 1 car garage with a single carport adjoining it. 4 Glasson Street is ideally located with only a 4 minute walk to the Glen Innes main street which plays host to coffee shops, specialty shops, financial institutions, mechanic workshops and 2 major supermarkets. If you are after a character filled home close to the Glen Innes town centre contact the Exclusive Agent Keanu Young today!
