Under Offer (Open cancelled)

Situated in this well-connected locale just moments from the McCrae shops, and the beautiful McCrae foreshore is this spectacular home, built by Latitude 37, offering an exclusive family lifestyle.

Set amid oasis-like gardens, it features three bedrooms, plus home office or possible fourth bedroom, 2 bathrooms, second living and a stunning open plan, lounge, dining, and kitchen. Ultra-private, this leafy retreat has been designed to appreciate garden views throughout, beginning with the formal lounge and dining zone, that compliments the outdoor entertaining areas.

From the moment you enter this home, through the secure remote garage you will feel the ambience, a great floor plan offers you zoned living, to the front you have a living room, two generous bedrooms both with built in robes, a family bathroom and powder room, ideal for a family with children or accommodation for relatives such as an elderly mother or father, right down to a teenager.

Down the wonderfully wide hallway you will open up into the hub of the home, with a fantastic lounge that offers views in all directions to the outdoor entertaining areas. A stunning gourmet kitchen accommodated the chef in all of us with a walk-in pantry, S/S quality appliances, stone bench tops and a very generous standalone island bench that overlooks the lounge and dining room. To the rear of the home, you have a master suite that also offers beautiful garden views, incorporating a walk-in robe and ensuite.

What can I say about the outdoor areas as they need to be seen to be believed, with plenty of room to host the largest of gatherings whilst being secluded enough for a quiet Sunday morning coffee.

The property fronts onto council land, so neighbours will not be an issue, and council have allowed the owners to park their caravan in the past.

This property is a must to inspect, so be the first and phone the agents to arrange an appointment.
