Paint a picture in your mind of a lovely, distinctly charming and character-filled home. This home is divided into two separate pavilions. The first pavilion includes the kitchen, a living area with fireplace, multiple decks for outdoor relaxation, bird watching and entertaining, plus a downstairs bedroom. A cozy and functional space for daily living and hosting guests. The second pavilion features two bedrooms and an upstairs sitting room, offering a private and comfortable space for relaxation with a scenic view. A delightful place for nature enthusiasts, with an array of established trees and plant life for our feathered friends to enjoy. On a sizable 1,536m² (approx..) block of land, the property has plenty of space for outdoor activities, gardening, or simply enjoying the tranquillity of a larger lot. The presence of a frog pond shows a commitment to creating a natural and ecologically diverse environment. It also adds to the ambiance with its soothing sounds and potential wildlife visitors. Quirky art can be found spotted around the grounds, which adds an artistic and whimsical touch to the property, making it even more unique and charming. A picturesque and inviting property that combines natural beauty with a cozy and character-filled living space, perfect for those who appreciate the charm of a unique and eclectically decorated home. _____ 'List and Sell with the areas leading Agency!' _____ *NB.
