Recreated from the ground up, an aesthetic of perfection combines superb design by JTA Architects with a high-end renovation & world class fixtures & fittings in this exquisite residence. With an immaculate circa 1915 Edwardian exterior complementing a glorious interior, sublime period features create a faultless environment. An illuminated open plan living & dining domain is enhanced by a culinary kitchen with stone island benches/breakfast bar, a suite of Bosch appliances, a butler's pantry & laundry. An absolute seamless connection through a wall of stacker sliding doors reveals an entertainers deck, landscaped garden, a feature open fireplace, a concealed shed & a door to a rear lane leading to the park. Furthering the allure, the parents retreat includes built-in wardrobes & a seductive hotel style ensuite with the finest stone, concluding with a second fitted bedroom or elegant home office. Two upstairs bedrooms with built-in wardrobes & split systems are served by a sumptuous family bathroom with a bath. Further luxurious amenities include keyless entry, reverse cycle heating & cooling, double glazed windows, aluminium and steel window frames, electric gate to one car space, reticulated watering system, plantation shutters, engineered French oak floorboards, a mixture of terrazzo, porcelain & Super White Dolomite stone surfaces, attic storage, fans, wood heater, powder room, heated floors & dimmable & LED accent lighting. This is just a small taste of life in a prized pocket in the Elsternwick Primary & Elwood College zone's, transport, so many local villages such as Elsternwick, Gardenvale & Elwood, the beach & the newly landscaped Elsternwick Park at the end of your street for an idyllic lifestyle.
