\$890,000 - \$960,000

Owning the area's most unique Frankston High-zoned position atop the bowl of its most desired cul-de-sac, this immaculate triple-fronted blonde brick home astounds with its refreshed aesthetic and unique design, with expansive north-facing windows framing tree rimmed scenes of Melbourne CBD and Port Phillip Bay. An air of openness and serenity flows inside from the lounge's full-width balcony, spreading through its substantial open-plan layout with revived hardwood floors and an inviting contemporary aesthetic. Large windows take in city and regional views, with kitchen and dining spaces matching the new-found modernity with outlooks across the Wallace Bushland Reserve. A unique alfresco environment echoes its mid-century heritage, with layered gardens beside its stone terrace ideal for leisurely picnics and play. Four large bedrooms feature new carpets and a fresh coat of paint, centrally served by the modernised powder and bathrooms. A unique hilltop court setting relishes its open space and liveability, just moments from Heatherhill Road shops, the reimagined Jubilee Park, Leawarra Station, Monash University, Frankston Heights Primary, the zoned Frankston High, buses, Frankston CBD, and foreshore. Additional features include ducted heating, a powered and plumbed double tandem garage, and convenient under-house storage.
