A peaceful, exclusive enclave that ensures the water and Bay Trail West become integral elements of your lifestyle complements the inviting dimensions of this dynamic modern residence. Distinctive lines and superb stone tones define the façade's visual impact while indoor vibrancy starts with two downstairs bedrooms sharing an impeccably appointed bathroom and a secluded covered courtyard. Above, the main bedroom's walk-in robe, dual vanity ensuite and fitted study area opening to a refined balcony represent the ultimate parents' retreat - or simply the perfect retreat, full stop! Polished floorboards and balcony proportions accompany a living/dining area where the sophistication is clear and an open-plan kitchen caters with efficiency, elegance and ease. A home that's beautifully designed, with bespoke details, ducted heating and cooling, upstairs powder room, downstairs laundry and a secure internally accessed garage. Live by the bay, be close to schools, shops and cafes too, in this brilliant setting.
