This family home has been loved and enjoyed for 30 years. The 1970 built home consists of three bedrooms, one bathroom and some of the most amazing views along the coast. Enjoying kitchen and bathroom upgrades over the years the home is perched up on one of the highest points in Ulverstone creating a fantastic outlook. Under the home you will find an internal garage and workshop with internal access stairs. All three bedrooms have built in robes and some timber feature beams. The floors are Tassie Oak timber boards and would make an amazing upgrade if polished up.\*The information contained herein has been supplied to us by sources which are considered reliable and we have no reason to doubt its accuracy.
