Hidden at the bottom of a liquidambar lined laneway with lush green canopy in the warmer months and wonderful autumn display, the welcoming front veranda and weatherboard exterior of this four bedroom family home offer a glimpse of the character to be discovered once you step inside. Comfortable and inviting with gleaming polished floorboards and high ceilings with decorative cornice, the formal lounge room impresses with breathtaking outlook to the private back garden. French doors in the family room open to a wide veranda, spa area and pergola covered outdoor entertaining area. Enjoy the visiting birdlife including kookaburras, tawny frogmouths, king parrots, rainbow lorikeets, rosellas and the occasional echidna while you relax on the shady deck in the beautifully landscaped gardens. A striking kitchen complete with butler's pantry with sink and wonderful storage, is highlighted by a majestic black Falcon stove with two ovens. Overlooking the family room and out to the back garden, the kitchen is a joy whether entertaining or cooking for the family. A private master retreat offers refreshed ensuite and walk in robe while three bedrooms are peacefully zoned and complemented by family bathroom, fabulous laundry with walk in linen storage and central rumpus room ideal as home theatre or play room. Comfort features include internal access double garage, double carport, parking for a caravan, ducted heating, ducted evaporative cooling and coonara.
