\$730,000

Nestled amidst a well-established residential precinct with the convenience of Pre and Primary Schools this beautifully maintained home provides a great family environment or someone downsizing from being on the land. Having large windows throughout the home with ducted heating throughout offers 3 generous sized bedrooms, master with walk through robes and ensuite, bathroom, lounge with gas heater and air conditioner and an adjoining dining alcove. The well appointed and centrally positioned kitchen overlooks the rear yard and opens onto a broad family meals area which accesses the private and sheltered outdoor living area which then leads onto lawned rear yard with gardens and shade trees. A double garage with remote entry gives direct access to the home. Vehicle access is available to the rear yard as well. A wonderful home awaits.
