This place is truly special. If you're looking for a coastal retreat and only want the best this is the spot to be. You've got four massive bedrooms, two luxurious bathrooms, gorgeous kitchen with butler's pantry and a marble countertop, not to mention fantastic views every way you look! want to see the ocean up close? head out your front door and you're already half way there! And all that is just the house itself, there's also room out the back for all the toys! Tool shed, Garage space, bungalow, it's got it all! There's even an entertainment area that's perfect for any occasion. (Did someone say man cave!) This is all just scratching the surface; you NEED to consider this place otherwise you'll miss out!
