Located in a very sought after area of West Gladstone, it is our pleasure to introduce to you 4 Morley street. Perched on a flat 771m² block of land and only a hop, skip and a jump away from Chanel College and Stockland mall. This very tidy High set home boasts hard wood floor boards through out, 3 decent sized bedrooms, 2 of which are air conditioned and an open plan living area which is also cooled down with a split system air conditioner. You will love the modern kitchen with plenty of bench space and storage. Underneath the property has a second toilet, and heaps of storage to do what you wish, and if this is not enough there is also a fantastic 2 bay shed at the rear of the yard. What are you waiting for, Blink and this one will be gone
