Step into the lifestyle excellence and relish the vibrancy of this recently refurbished turn of the century three bedroom home in a tree lined and tightly held pocket on the edge of every St Kilda attraction and amenity. Tranquil greenery, the characterful facade makes an immediate impression, with private and secure space flowing from the elegant front garden to the interiors, where high ceilings, resurfaced timber floors and ornate art deco features enrich an inviting hallway. Three bedrooms, including the main bedroom with a triple lead light window and ensuite, are supplemented by a family bathroom with a Euro laundry. An open plan rear allows seamless flow between spaces, merging the living zone with a sleek modern kitchen with stone benches and Bosch cooking appliances. Sliding doors extend the interior outdoors for alfresco entertaining, offering exceptional space to host guests by the BBQ kitchen on the deck and room to park the car with direct rear access via ROW. A carefree standout with heating/cooling and keyless entry, it's nestled on the fringe of Alma Park and Albert Park Lake while a short walk to revered schools, city trains and trams, and Fitzroy Street's renowned restaurants, cafés and bars.
