\$2,000,000

Rocky Point is one of Australia's most desirable private escapes. The opportunity here is 2328 sqm of beachside land. This property is the last of seven only exquisite lifestyle lots. A complete blank canvas to build whatever you desire. Situated on a private exotic coconut lined beach - Honeymoon Bay. Fulltime caretaker managers, luxury resort facilities, pool, tennis court and entertainment cabana. Rocky Point is accessible by light aircraft or helicopter via Agnes Water, a thriving emerging tourism and lifestyle village located just 7 km away. The Town of 1770 offers access to the Southern Great Barrier Reef, the hidden jewel of the reef with vibrant colour, abundant fish life and warm waters. Swimming and surfing are year-round with stinger free waters. Wildlife is abundant with rock wallabies, greenback turtles, black cockatoos, and more as regular visitors at the estate. The opportunity here is 2328 sqm of beachside land. No home would be under or overstated in this location. Such privacy and exclusivity come at a cost not suited to everyone's budget. However, the lifestyle, privacy and exclusivity are second to none. Such escapes would normally require travels of long distances across seas and time. Agnes Water and 1770 are being discovered by the few who value what others cannot offer. Take the time to see if Rocky Point measures up to what you consider to be something few get to experience. For a full IM please contact Gordon Christian and arrange your viewing today.
