This 3 bedroom 2 bathroom Semi Detached Home is jaw dropping from every angle, a cleverly thought out home that is pure luxury and a very rare find in Guyra. Completed in 2012, this quality-built home has been finished to the highest standard. As you open the front door you are greeted with the warmth from the bamboo flooring and flooding sunlight from the north facing windows of the open plan lounge, dining and kitchen. With show stopping finishes and quality materials used throughout, you will be impressed particularly with the gloss cupboards, stainless electric appliances and stone bench tops in the home with enough prep space to make even the fussiest of chefs happy. The clever layout allows for the kids or guests to be up the front of the home and for you to have a private retreat at the rear with your own walk-in wardrobe and en-suite with double vanity. Heating is taken care of thanks to the two daikin roof mounted air conditioners and off set with the north facing solar system along with solar hot water. Outside is a very private courtyard with tiled alfresco area for the entertainer or to spend a lazy afternoon soaking up the sun. If this sounds like it could be the one, give the team a call at CWP.
