\$579,000

A fantastic home for any stage of family life, 4 Tarwin Grove, Newborough will impress with its spacious and versatile design. Of brick veneer construction and positioned in an area popular with locals, you'll be able to leave the car in the double carport and walk to primary and secondary schools as well as both indoor and outdoor sporting facilities, from your new home. Multiple living spaces will have you conveniently transitioning from indoor to outdoor living throughout the seasons with a seamless flow from kitchen to dining then lounge, which affords both access and view of the private rear undercover entertaining area and yard. A generous rumpus room with inbuilt cabinetry will provide ample space and is located away from the bedrooms, for those larger (and sometimes noisy) family gatherings. There is no shortage of bench and cupboard space in the kitchen with modern waterfall stone benchtops, gas cooktop and electric oven. You can choose to dine at the breakfast bar or in the adjoining casual dining area. All three bedrooms have built in robes and the main bedroom enjoys a beautifully appointed ensuite with double vanity and extra storage. The equally stylish main bathroom has also been renovated to match the same high standard. To round out this exceptional package is a study, a workshop with power abutting the alfresco which would make a fantastic man cave or she shed nestled on a low maintenance 887sqm (approx) allotment.
