Timeless inspiration meets today's most inspired design in this single-level surprise package! Family-size and design-wise in a quiet Mews group, this 3 bedroom, dual zone home offers outstanding value for growing families, downsizers and investors alike. Big enough to welcome an entertaining lifestyle with a large lounge plus kitchen casual area, this classic home has the perfect family fit with a well-zoned design that gives the master ensuite access... and provides secondary bedrooms with a private garden view. But it's more than just a cleverly classic design that sets this home apart. Renovated in state-of-the-art style, the stylish home with a deep waterfall-edge dining-bench for the prestige Neff appliance kitchen (with Asko dishwasher) and beautiful bespoke cabinetry for the cleverly-designed walk-in pantry (with full separate laundry beyond). The designer-style, fully-tiled bathroom is equally clever with smart mirror storage and a frameless walk-in shower, plus smart two-way ensuite-access! Luxe finished with premium stone benchtops, timber-look cabinetry and large-format concrete-look tiles, this centrally-heated and cooled home features built-in robes plus a master walk-in. Set in lush established gardens with room for kids and pets to run free, there are fruitful veggie boxes to harvest, a paved area to entertain, and a double auto-garage with loft-storage to keep the clutter contained. Secluded, serene, but so central to it all, this marvellous Mews residence has something for everyone at every stage of life too! There's childcare at the door, the Secondary College within a few blocks, Waves Leisure Centre and Highett Reserve just across the road, and Southland's cinemas, shopping and eateries within an easy walk.
