\$727,500

Set over two levels and situated a mere 450m to Eastland Shopping Centre and conveniently positioned near Ringwood railway station, Ringwood Bypass and Eastlink, this executive townhouse in a quiet and private cul-de-sac delivers supreme low maintenance and liveability with a contemporary edge. On the ground floor stunning wide plank timber engineered floors flow down a hallway to a main bedroom with elegant ensuite featuring a luxe rain shower and walk-in robe. Also on this level is convenient internal access to the single remote garage and a rear courtyard with an alfresco deck perfect for entertaining or a private fresh-air retreat. Upstairs, the lavish open plan domain is highlighted by soaring ceilings and clerestory windows that add lashings of light to your living and dining space. A stone-topped kitchen is complete with modern stainless-steel appliances and there's a sunny balcony where you can start your day with a hot cuppa. Also housed here is a second bedroom and a chic bathroom with stone vanity and rain shower. Further highlights include a rainwater tank, split system air-conditioning for seasonal comfort and a Euro style space-saving laundry. Extremely private, poised at the rear of an intimate complex, you can leave the car at home with every amenity a short walk away including shops, station, parklands and childcare.
