Looking for a view at an affordable price? Then take a stroll to the rear of this block and check out the view potential. It will only improve when you build an elevated home on the block. A treed block with a driveway along the left hand side providing access to the rear. The vendor is selling this block with the caravan which is great accommodation while you are building. The caravan is self sufficient as it has solar, batteries, gas, heating, cooling, shower and toilet. A larger than standard size block situated just around the corner from the causeway leading to the 90 Mile Beach. This block will make a great weekend getaway - especially for all those keen fishermen and beach goers out there!
